## General Information

### Classes

This booklet describes the coverage for the following classes of employees:

- Class 9 – Unifor and its Local 1256 Employees
- Class 9A – Survivors of Plan 9

*The information contained in this section applies only to benefits for which Sun Life Assurance Company of Canada is the insurer or administrator.*

### About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

The contract holder, The Corporation of the Town of Oakville, self-insures the following benefits:

- Extended Health Care
- Emergency Travel Assistance
- Dental Care

This means that The Corporation of the Town of Oakville plays a role similar to that of an insurance company for its employees. The Corporation of the Town of Oakville has the sole legal and financial liability for the benefits listed above and funds the claims from its net income, retained earnings or other financial resources. Sun Life provides administrative services only (ASO) such as claims processing. All other benefits are insured by Sun Life.

**Eligibility**

To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a permanent employee.
- you are actively working for your employer at least 26 hours a week.
- you have completed the waiting period.

The waiting period for your group plan ends on the last day of the month in which you have completed 3 months of continuous employment.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

**Who qualifies as your dependent**

Your dependent must be your spouse or your child and a resident of Canada.

Your spouse by marriage or under any other formal union recognized

by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last year, is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children), if they are not married or in any other formal union recognized by law, are under age 21 and work less than 30 hours a week, unless they are a full-time student, are eligible dependents.

For the Extended Health Care benefit: A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support.

For the Dental Care benefit: Coverage will end on the day the dependent child reaches age 21.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

**Enrolment**

You have to enrol to receive coverage. To enrol, you must request coverage in writing by supplying the appropriate enrolment information to your employer. For a dependent to receive coverage, you must request dependent coverage.

If you or your dependents are covered for comparable Extended Health Care or Dental Care coverage under this or another group plan, you may refuse this coverage under this plan. If, at a later date, the other coverage ends, you can enrol for coverage under this plan at that time.

**When coverage begins**

Proof of good health will be required when you request Optional Life coverage and any increase in that coverage. Coverage will not take effect before Sun Life approves the proof of good health.

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

Dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If you are not actively working on the date your spouse's Optional Life coverage would normally begin, then that coverage will not begin until you return to active work with your employer.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

**Changes affecting your coverage**

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the first day of the month following the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.

- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

**Updating your records**

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.

**Accessing your records**

As required by legislation, for insured benefits, if you reside in Alberta or British Columbia, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our website at [www.mysunlife.ca](http://www.mysunlife.ca).
- our Customer Care centre by calling toll-free at 1-800-361-6212.

**When coverage ends** As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends or the last day of the month in which you retire.
- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

**Survivor benefits** If you die while covered by this plan, coverage for your dependents will continue, without premiums, until the earlier of the following dates:

- 12 months after the date of your death.
- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.

The continuation of coverage does not apply to Dental and the spouse's Optional Life.

**Replacement coverage**

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

**Making claims**

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

**Legal actions for insured benefits**

Except where or when applicable legislation permits the use of a different limitation period, every action or proceeding against an insurer for the recovery of insurance money payable under this contract is absolutely barred unless commenced within the time set out in the Insurance Act or the time set out in such other legislation as may apply to a claim, action or proceeding for insurance money.

Where or when applicable legislation permits the use of a different limitation period, no legal action or proceeding may be brought against

Sun Life:

- regarding any claims for which no payment has been made by Sun Life, more than one year after the end of the time period in which the initial submission of proof of claim is required by the terms of the contract, or
- regarding claims for disability benefits that have been paid by Sun Life for some period of time, more than one year after the last date for which disability benefits have been paid, or
- regarding all other claims for which some payment has been made by Sun Life, more than one year after the last payment made by Sun Life with respect to the claim.

**Legal actions for self-insured benefits**

No legal action may be brought by you more than one year after the date we must receive your claim forms.

**Proof of disability**

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

**Coordination of benefits**

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

---

***Claims for you and your spouse should be submitted in the following order:***

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
  - the plan where the person is covered as an active full-time employee.
  - the plan where the person is covered as an active part-time employee.
  - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

***Claims for a child should be submitted in the following order:***

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.

- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

**Medical examination** We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

**Recovering overpayments** We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

**Definitions** Here is a list of definitions of some terms that appear in this employee benefits booklet. Other definitions appear in the benefit sections.

*Accident* An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.

*Appropriate treatment* Appropriate treatment is defined as any treatment that is performed and prescribed by a doctor or, when Sun Life believes it is necessary, by a medical specialist. It must be the usual and reasonable treatment for the condition and must be provided as frequently as is usually required by the condition. It must not be limited solely to examinations or testing.

*Basic earnings* Basic earnings are the salary you receive from your employer excluding any bonus, overtime or incentive pay.

For the Long-Term Disability benefit, basic earnings are the salary you receive from your employer excluding any commission, bonus, overtime, incentive pay or dividends.

*Doctor* A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.

*Illness* An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

*Retirement date* If you are totally disabled, your retirement date is the end of the month in which you reach age 65, unless you have actually retired before then.

*We, our and us* We, our and us mean Sun Life Assurance Company of Canada.

**Prescription drugs**

We will cover 100% of the cost of the following drugs and supplies that are prescribed in writing by a doctor or dentist and are obtained from a pharmacist. Drugs covered under this plan must have a Drug Identification Number (DIN) in order to be eligible.

***Drug substitution  
limit***

Charges in excess of the lowest priced equivalent drug are not covered unless the doctor specifies in writing that no substitution for the prescribed drug may be made.

***Other health  
professionals allowed  
to prescribe drugs***

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

**Hospital expenses in  
your province**

We will cover 100% of the costs for hospital care in the province where you live.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as:

- it follows at least 3 consecutive days of in-patient hospitalization,
- it begins within 14 days of release from the hospital, and
- it is primarily for rehabilitation.

The maximum amount payable is \$20 per day up to a maximum of 180 days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

**Expenses out of  
your province**

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.

- 
- out-patient services in a hospital.
  - the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

*Emergency services* We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

*Emergency services* mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

*Emergency* means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, Europ Assistance USA, Inc. (*Europ Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Europ Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all

expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services  
excluded from  
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Europ Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

***Referred services***

*Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- 
- obtained in Canada, if available, regardless of any waiting lists, and
  - covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

**Medical services and equipment**

We will cover 100% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order). Contact Sun Life for confirmation regarding eligibility and frequency. It is recommended that an estimate be submitted for expenses greater than \$200.

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications can not perform the duties. There is a limit of \$10,000 per person per benefit year.
- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- transportation in a licensed air ambulance, if medically necessary, that takes you to the nearest hospital that provides the necessary emergency services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- laboratory tests performed by a commercial laboratory for the diagnosis of an illness. Tests performed in a doctor's office or

---

pharmacy are not covered.

- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 12 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the employee lives. The guide must be the current guide at the time that treatment is received.
- services of an ophthalmologist or licensed optometrist, up to a maximum of \$85 per person over 2 benefit years.

  - radiotherapy or coagulotherapy.
  - oxygen, plasma and blood transfusions.
  - glucometers prescribed by a diabetologist or a specialist in internal medicine, up to a lifetime maximum of \$700 per person.
  - TENS machines.

Contact Sun Life for more information regarding specific amounts eligible and frequency.

**Paramedical services**

For each category of paramedical specialists listed below, we will cover 100% of the costs up to a maximum of:

\$400 per person in a benefit year for each of the following categories of paramedical specialists:

- licensed speech therapists, acupuncturists and psychologists, when ordered by a doctor.
- licensed osteopaths or osteopathic practitioners, podiatrists, chiropodists or naturopaths, including a maximum of one x-ray examination per specialty each benefit year. The cost of x-ray examinations are not included in the benefit year maximum.

*\*Effective February 1, 2015 – \$600*

\$1,000 per person in a benefit year for the following categories of paramedical specialists:

- licensed physiotherapists or athletic therapists, when ordered by a doctor. The benefit year maximum is combined for these paramedical specialists.
- licensed chiropractors, including a maximum of one x-ray examination each benefit year. The cost of x-ray examinations are not included in the benefit year maximum.

- contact lenses or eyeglasses, including replacement lenses and/or frames and tinting of lenses, and safety glasses, prescribed by an ophthalmologist or licensed optometrist and obtained from an ophthalmologist, licensed optometrist or optician.
- laser eye correction surgery performed by an ophthalmologist.

We will cover 100% of these costs, without a deductible, up to a maximum of \$350 per person in any 24 month period. If there is a change in magnifying strength, we will pay an additional \$150 per person in any 12 month period.

We will also cover the cost of contact lenses for special conditions such as severe corneal astigmatism, severe corneal scarring, keratoconus (conical cornea), aphakia or when acuity in the better eye cannot be improved to at least 20/40 with glasses, up to a lifetime maximum of \$600 for each person.

We will not pay for sunglasses, magnifying glasses, or safety glasses of any kind, unless they are prescription glasses needed for the correction of vision.

**When coverage ends** Extended Health Care coverage will end on the last day of the month in

which the employee retires or reaches age 65, whichever is earlier.

Coverage may also end on an earlier date, as specified in *General Information*.

**Payments after coverage ends**

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

For the purpose of this provision, an employee is totally disabled if prevented by illness from performing any occupation the employee is or may become reasonably qualified for by education, training or experience, and a dependent is totally disabled if prevented by illness from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

**What is not covered**

We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools, humidifiers,

and equipment used to treat seasonal affective disorders).

- any services or supplies that are not usually provided to treat an illness, including experimental treatments.
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

We will also not pay benefits when compensation is available under a Workplace Safety Insurance Board, Criminal Injuries Compensation Act or similar legislation.

**Integration with government programs**

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

**When and how to make a claim**

To make a claim, complete the claim form that is available from your employer.

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses,  
or
- the end of your Extended Health Care coverage.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Europ Assistance may arrange for:

**On the spot medical assistance**

Europ Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Europ Assistance is notified that you have a medical emergency, its staff, or a physician designated by Europ Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Europ Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Europ Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Europ Assistance will transmit an urgent message from you to your home, business or other location. Europ Assistance will keep messages to be picked up in its offices for up to 15 days.

**Transportation home or to a different medical facility**

Europ Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Europ Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Europ Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how

and to where you should be moved and what medical equipment, supplies and personnel are needed.

**Meals and accommodations expenses**

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Europ Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Europ Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Europ Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

**Travel expenses home if stranded**

Europ Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Europ Assistance will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

**Travel expenses of family members**

Europ Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

**Repatriation**

If you die while out of the province where you live, Europ Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

**Vehicle return**

Europ Assistance will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

**Lost luggage or documents**

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Europ Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

**Coordination of coverage**

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Europ Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Europ Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the

other plans the expenses that exceed its share.

**Limits on advances** Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

**Reimbursement of expenses** If, after obtaining confirmation from Europ Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

**Your responsibility for advances** You will have to reimburse Sun Life for any of the following amounts advanced by Europ Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

**Limits on Emergency Travel Assistance coverage** There are countries where Europ Assistance is not currently available for various reasons. For the latest information, please call Europ Assistance before your departure.

Europ Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Europ Assistance to fully provide service to the best of its ability during any such occurrence.

**Liability of Sun Life  
or Europ Assistance**

Neither Sun Life nor Europ Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

## Long-Term Disability

**Insurer**

*This benefit is insured by Sun Life Assurance Company of Canada.*

**General description of the coverage**

Long-Term Disability coverage provides a benefit to you if you are totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since its onset.

For your Long-Term Disability coverage,

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled while you are continuously unable due to an illness to do the essential duties of your own occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do any occupation for which you are or may become reasonably qualified by education, training or experience.

If you have 35 or more years of employment with your employer, you will be considered totally disabled while you are prevented by illness from performing the essential duties of your own occupation.

If you must hold a government permit or licence to perform your own occupation and your permit or licence is withdrawn or not renewed solely for medical reasons, we will consider you totally disabled for up to 12 months after the end of the elimination period. You cannot be working other than in a Sun Life approved partial disability or rehabilitation program.

Benefits are paid at the end of each month and are based on your

coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of the monthly benefit for each day you are totally disabled.

**When disability payments begin**

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period of 182 days or after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for an uninterrupted period of 182 days and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

**What we will pay**

Here is how we calculate your Long-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1: We take 66.67% of your monthly basic earnings up to a maximum of \$5,000.

Step 2: We subtract any income provided to you:

- for the same or a subsequent disability under any government-sponsored plan, excluding dependent benefits, employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for the same or a subsequent disability under any Workers' Compensation Act or similar law, excluding automatic cost-of-living increases that occur after benefits begin.
- under a motor vehicle insurance plan which provides disability

benefits to the extent that the law does not prohibit such a deduction.

- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer, as a result of your disability or a medical condition.
- under the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

If this amount plus the above sources of income and all the additional sources of income listed below exceeds 85% of your pre-disability basic earnings, we will reduce your Long-Term Disability payment by the excess. If your benefit is non-taxable, the maximum will be 85% of your pre-disability basic earnings after income tax.

Additional sources of income provided to you:

- under any Workers' Compensation Act or similar law for another disability, excluding any automatic cost-of-living increases that occur after benefits begin.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.

If you are eligible for any of the income amounts above and do not apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. However, increases in those benefits as a result of your disability will be taken into account.

**Maternity / parental  
leave of absence**

We have the right to adjust your benefit payments when necessary.

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 182 days, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations covering the health-related portion of the maternity or parental leave, Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

**Partial disability  
program**

You may be required to participate in a partial disability program approved by Sun Life in writing.

After you are eligible for Long-Term Disability payments, you may be considered for a partial disability program in which you return to your own occupation for a reduced number of hours per week.

During your partial disability program, you can receive a salary from

your employer for the hours worked. However, your Long-Term Disability payments will be reduced by the percentage of your normal work week that you are now working for your employer.

During your partial disability program your total income from all sources cannot exceed 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable). If this is the case, your Long-Term Disability payments will be further reduced by the excess.

Your participation in a partial disability program will be limited to the own occupation period.

**Rehabilitation  
program**

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable), your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

**Interrupted periods of disability during elimination period**

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.
- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365 days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

**Interrupted periods of disability after payments begin**

If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. You must be covered when total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability.

**If you recover damages from another person**

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

If you recover money, you must pay us 75% of your net recovery or the total disability income benefits paid or payable to you under this plan, whichever is less. Your net recovery does not include your legal costs. Seventy-five percent of your net recovery must be held in trust for us.

We have the right to withhold or discontinue disability income payments if you refuse or fail to comply with any of these terms.

**Your responsibilities** During your total disability, you must make reasonable efforts to:

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

If you do not, Sun Life may hold back or discontinue benefits.

**When payments end** Your Long-Term Disability payments end on the earlier of the following dates:

- the date you are no longer totally disabled.
- the last day of the month in which you reach age 65.
- the last day of the month in which you retire.
- the last day of the month in which you die.

**When coverage ends** Long-Term Disability coverage will end on the day you reach age 65 less the elimination period of 182 days or the day you retire, whichever

is earlier. Coverage may also end on an earlier date, as specified in *General Information*.

**Payments after coverage ends**

If the Long-Term Disability benefit terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the benefit were still in effect.

**What is not covered**

We will not pay benefits for any period:

- you are not receiving appropriate treatment.
- that you do any work for wage or profit except as approved by Sun Life.
- you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off except as stated under *Maternity / parental leave of absence* or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

We do not pay benefits if your disability results directly or indirectly from a condition which existed on or before the date your coverage began. However, this limitation will not apply to you if:

- you have been covered for Long-Term Disability with your employer for at least 13 weeks during which you have been actively working continuously (up to 3 days of absence does not count) and you have not been treated by a doctor, or any medical personnel under the direction of a doctor, for the condition, or
- you became totally disabled more than 12 months after your

coverage began.

If your coverage ends but you are covered again under this plan, we will use the latest date your coverage began when applying the above limitation.

We will not consider you totally disabled if your disability results from drug or alcohol abuse. However, this limitation will not apply while you are participating in a Sun Life approved treatment program or you have an organic disease which would cause total disability even if drug and alcohol abuse ended.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries or attempted suicide, while sane or insane.
- participation in a criminal offence.

**When and how to  
make a claim**

To make a claim, complete the Notice of Claim for Group Long-Term Disability Benefits that is available from your employer.

We must receive notice of claim on the earlier of the following dates:

- 60 days after the total disability begins.
- within 30 days of the termination of this Long-Term Disability benefit.

Part of the application process will include filling out claim forms that give us as many details about the claim as possible. You, the attending doctor and your employer will all have to complete claim forms.

In order to receive benefits, we must receive these forms no later than 90 days after the end of the elimination period.

We will assess the claim and send you or your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of this request, you will not be entitled to benefits.
