2.1 Midtown Oakville Zones 36 - General Electric Canada

Part 7 is proposed to be deleted and replaced with a new zone framework later in 2014 as part of the Midtown Strategy OPA and ZBLA.

The zones in the Mixed Use, Commercial, and Employment categories each correspond to the designation having the same name in the Livable Oakville Plan. The Service Station (C4) Zone is the lone exception, which applies to gas station sites in commercial areas.

2.2 Location of Zones

The zones and zone boundaries are shown on the Zoning Maps which are attached to and form Part 19 of this By-law. The lands identified on the Zoning Maps as being within a zone are subject to the provisions of this By-law applicable to that zone or zones.

2.3 Determining Zone Boundaries

2.3.1 Interpreting Boundaries

Where the boundary of any zone is shown on the Zoning Maps:

- As following a road, lane, railway, right-of-way, transmission line, or watercourse, the boundary shall be the centre-line of the applicable feature; (2015-018)
- As following the lot frontage on a future lot shown on a draft approved Plan of Subdivision or Condominium, the boundary shall be the centre-line of the future public road being constructed; (2015-018)
- As following any other lot line on an existing lot or a future lot shown on a draft approved Plan of Subdivision or Condominium, the boundary shall be the existing or future lot line; (2015-018)

Where the zone boundary is shown following the edge of the street, the actual zone boundary is the centre-line of the street.

- g) As following the limits of the *Town*, the boundary shall be the limits of the *Town*; and,
- h) Where none of the above provisions apply, the *zone* boundary shall be scaled from the Zoning Maps.

2.3.2 Split Zoning

- a) Where a *lot* falls into two or more *zones*, each portion of the *lot* shall be subject to the applicable *use* permissions and regulations for the applicable *zone* applying to that portion of the *lot*.
- b) Notwithstanding subsection (a) above, *parking spaces*, *driveways*, *aisles* and *stacking spaces* required by this By-law may be provided anywhere on a *lot* that falls into two or more *zones* except that portion of a *lot* in any Environmental *Zone*. (2017-025)
- c) A *zone* boundary dividing a *lot* into two or more *zones* is not a *lot line* for the purposes of this By-law.

2.4 Special Zone Symbols

Where the *zone* symbol zoning certain lands on the Zoning Maps is preceded or followed by any combination of a hyphen, number, or letter, provisions relating to one or more of the following special *zone* regulations apply to the lands so designated on the Zoning Maps. Lands so identified shall be subject to all of the provisions and restrictions of the applicable parent *zone*, except as otherwise provided by the special *zone*.
