## PLANNING STUDY

### **Open House**

**May 15, 2013, 7–9 p.m.**

**Presentation at 7:15 p.m.**

**Queen Elizabeth Park Community and Cultural Centre  
Black Box theatre – Room A030  
2302 Bridge Road**

You are invited to this open house for an update on the study and to provide input on preliminary tertiary plan options and evaluation criteria. There will be a brief overview presentation at 7:15 p.m. with questions and answers followed by an open house and continued discussion.

The Merton study lands are the undeveloped lands generally located on the north side of the QEW and south of Upper Middle Road between Bronte Road and Third Line. The Livable Oakville Plan identifies these lands as a Special Policy Area for potential future development and directs that the area be studied comprehensively to determine future land uses and policies.

For more information and to view a map of the location, please visit the study webpage or join the project email list.

If you have any comments or questions please send them to:
