Did you know...
1 in 7 Ontarians has a disability.

That’s over 30,000 Oakville residents.

Oakville has an Accessibility Advisory Committee made up of at least 50 per cent people with disabilities.

It meets every month to talk about accessibility for residents of all abilities.
Here are some of the things we do:

- Easy-to-access services
- Accessible website
- Accessible transportation services

- Specialized and integrated programs
- Accessible facilities
- Accessible features at playgrounds

- Accessible pedestrian crossings
- Accessible parking
- Devices to assist residents
