

Bubble Bottle

A whimsical easy-to-do lasting craft that you can bring it in the bath!

Water Smart® Safety Tip

Swim to Survive - Roll, Tread, Swim

- If you fall into water, *follow the bubbles* upwards to swim to the surface.
- To survive a fall in deep water, you should learn to roll in, tread water for 1-minute and swim 50 metres.
- Sign up for swimming lessons at your local pool to learn these basic survival skills.

Activity preparation time

5 minutes – Age: 2+ (parental assistance may be required)

What you need

- 1 clear, plastic water bottle (any size), label peeled off
- Vegetable or baby oil, enough to fill 3/4 of water bottle
- Water, enough to fill 1/4 of bottle
- Food coloring of choice, sparkles (optional)
- Hot glue

Instructions

1. Fill the bottle 1/4 full with water.
2. Fill the remainder of the bottle with vegetable oil or baby oil to the top.
3. Add a few drops of food colouring (colour of choice), have your child watch the food colouring drop through the oil and rest on top of the water!
4. Optional: Add sparkles or sequins.
5. Place bottle cap on top of bottle, tightly sealed.
6. Apply hot glue to edges of bottle cap so bottle is permanently sealed. Make sure hot glue and bottle are out of reach until cool and dry.
7. After glue dries on bottle, flip and shake bottle to see bubbles move and bounce around!
Take bottle into the bubble bath with toddlers for some added floaty fun.
