Agreement for Contractors to Perform Arboricultural Services on Town Property

Oakville's Town Tree Protection By-law 2009-025 authorizes and regulates the planting, care, maintenance and removal of trees on town property in an effort to ensure the sustainability of the urban forest and to increase and maintain the town's canopy cover mandate.

Purpose of the Agreement

Upon receipt of a request for injecting or fertilizing a town owned tree, the Manager of Forestry (or designate) will determine if the tree meets the requirements to inject/fertilize or not.

The "Agreement for Contractors to Perform Arboricultural Services on Town Property" enables a property owner, at their expense, to contract town-approved tree injections or fertilization work to a town approved tree service company ("contractor").

The Process

If at the Owner's expense, an Owner wishes to have a contractor perform town-approved work on a town-owned tree, the Owner is required to submit a completed "Agreement for Contractors to Perform Arboricultural Services on Town Property".

The following work will be considered:

- Prune trees in accordance with sound (ISA) arboricultural practices.
- Apply an approved fertilizer.
- In the case of ash (*Fraxinus* spp.) trees only, contractors licensed and trained by BioForest Technologies Inc. may perform tree injections of *TreeAzin*TM using *approved injection techniques* against the Emerald Ash Borer (EAB) subject to regulatory requirements, recommended practice and *prior* inspection of tree(s) by Forestry staff to determine suitability of candidate tree(s) for injections.
- Tree removal and tree planting

How Will Approval for Tree Work Be Granted?

The agreement which includes Schedule "A" and the Certificate of Insurance, must be completed in its entirety by the property owner and the contractor as applicable. Each tree must be identified by species and size and the work that is proposed to be done must be clearly identified and described.

Upon receipt of a completed agreement, Forestry may grant approval for the contractor to undertake the work.

The Manager of Forestry (or designate) will approve the work by signing and dating the agreement in the space provided. The property owner will be provided with a copy of the approved agreement as proof of permission to undertake the described work. The property owner and/or contractor must provide forty (40) business days, notice to Forestry prior to undertaking the approved work. For *TreeAzin*TM injections, Forestry staff **must** inspect and approve candidate tree(s) for injection **prior** to the work being undertaken.

Where Do I Send the Agreement for Approval?

Please submit your completed agreement to: Town of Oakville, Parks and Open Space Department - Forestry Section at the applicable office as noted below.

Note: The approval for outside contractors to perform arboricultural services on Town property is at the sole discretion of the Manager of Forestry (or designate) in the Parks and Open Space Department

Agreement for Contractors to Perform Arboricultural Services on Town Property

In consideration of the permission granted herein by the Town of Oakville for the undersigned qualified Contractor to undertake arboricultural services on Town property as set out in Schedule "A" attached hereto, the Contractor and the undersigned property owner acknowledge and agree as follows:

1. The property owner(s) signing below is/are the registered owner(s) of the property municipally known as:

(please insert address including postal code)

2. The property owner acknowledges and agrees that all work is to be undertaken and completed at the property owner's sole risk and expense and that there shall be no compensation, remuneration or reimbursement by the Town of Oakville. All contractors must be pre-approved by the town.

3. The Contractor acknowledges and agrees that all work is to be undertaken and completed at the sole expense of the property owner. All agreements for payment shall be as between the Contractor and the property owner and the Contractor shall receive no compensation, remuneration or reimbursement by the Town of Oakville whatsoever.

4. Only work authorized by Forestry Staff may be undertaken. Notification must be provided to the Manager of Forestry (or designate) at least forty (40) business days notice prior to the commencement of work by e-mailing: forestryforms@oakville.ca or fax: 905-338-4227.

5. The Contractor will under no circumstances, work on or near energized apparatus unless written approval has been given by Oakville Hydro and / or Ontario Hydro as applicable. Confirmation of approval given by Oakville Hydro must be provided to the Manager of Forestry (or designate) upon request, prior to the commencement of work. Based on the description of proposed work as set out in Schedule "A", the Contractor will arrange for all necessary utility clearances including hydro, gas, water and sewage, telephone and cable, and provide clearance receipts to the Manager of Forestry (or designate) prior to the commencement of work.

6. The Contractor shall be qualified to perform all work and shall carry out all work in a good and professional workmanlike manner in accordance with the town's latest standards and requirements and all other legislative requirements including without limitation, the *Electrical Utility Safety Association Rules* from *The Infrastructure Health and Safety Association*, the *Ontario Occupational Health and Safety Act*, the *Ontario Ministry of Transportation Highway Traffic Act*, the *Workers Compensation Act*, the *Ontario Ministry of Environment Pesticides Act* and the *Pest Control Products Act (PCPA) as administered by the Pest Management Regulatory Agency (PMRA) on behalf of the Minister of Health*. The Contractor shall obtain all necessary permits and licenses and pay all required fees and shall also provide all notices as required by law or policy prior to commencement of the work. The Contractor is responsible for all site clean-up, appropriate disposal of any and all waste material, back filling excavations with appropriate material, and leaving the tree(s) and work site in a safe state.

7. The Contractor shall provide proof of Workers Compensation (WSIB) and proof of insurance in the form of the attached Certificate of Insurance.

8. The Town of Oakville assumes no liability for any damages or injury that may occur during, as a result of, or in connection with the work undertaken by the Contractor. The Contractor will

indemnify and save harmless the Town of Oakville from all claims for damages or injuries that may occur during this work. If the work as specified should fail to be completed or shall be completed in an improper or unsatisfactory manner to the town, the town may undertake the work and shall require all costs related to its completion to be paid forthwith by the property owner or the contractor. In default of payment, the town may recover the costs incurred by adding the costs to the tax roll and collecting them in the same manner as municipal taxes.

9. The Owner hereby waives any claim whatsoever that the Owner may have against the Town of Oakville that may arise as a result of the permission being granted for the work herein described to be undertaken on town property adjacent to the Owner's property and the Owner hereby agrees to indemnify and save harmless the Town of Oakville against all actions suits, claims and demands whatsoever which may be brought against or made upon the town and from and against all loss, costs, damages, charges and expenses whatsoever which may be incurred, sustained or paid by the town for or by reason of or on account of the permission hereby granted.
