

## South Western GTA (SWGTA) Gas-Fired Generation: Information Fact Sheet

### What Is The SWGTA?

Includes Mississauga, Brampton, Oakville, Vaughan and parts of western Toronto.

### What Is The SWGTA Gas-Fired Electricity Generation Plant?

The Ontario Power Authority (OPA) has issued a Request for Proposal for a 850 MW natural gas fired electricity generation plant, to be located in the SWGTA.

### Why Is Gas-Fired Generation Proposed For The SWGTA?

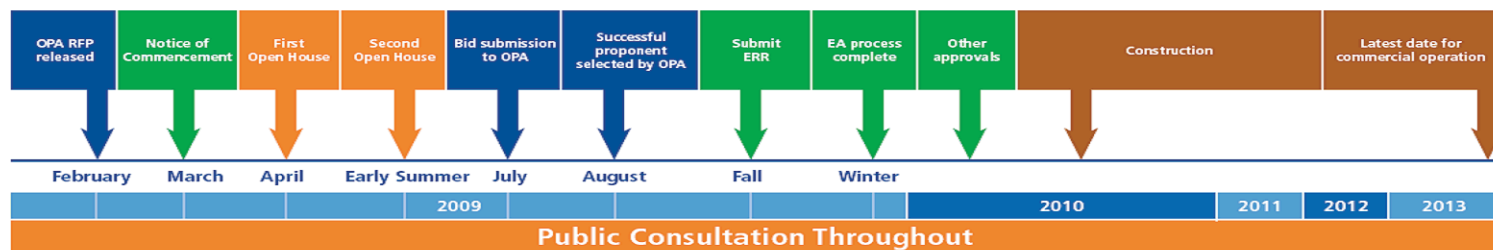

The Ontario Power Authority (OPA) has outlined the need for generation in the SWGTA. In 2008, the OPA began the process of procuring a gas-fired generation plant in the SWGTA. Information on the reasoning and government directive for generation in the SWGTA can be found at the following web address: <http://www.powerauthority.on.ca/Page.asp?PageID=924&SiteNodeID=453>

### What Is The Timeline For The SWGTA Gas-Fired Electricity Generation Plant?

**January 2009** – Request for Qualifications Due

**July 08, 2009** – Request for Proposals Due

**August 2009** – Proponent Selected by OPA
