RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, “*Stage 3 Archaeological Assessment of the McMichael Site (AiGw-532) Part of Lot 34, concession 1, NDS, Formerly in the Township of Trafalgar, Now in the Town of Oakville, R.M of Halton,*” Dated November 2009, Received November 10, 2009, MCL Project Information Form Number P128-050-2009, MCL RIMS Number 24GN023

Dear Katie,

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

The report indicates one archaeological site, the McMichael Site (AiGw-532), found on the subject property underwent Stage 3 investigations and it is recommended that it be considered sufficiently documented. This Ministry concurs with the recommendation that the provincial interest in the archaeological site identified as the McMichael Site (AiGw-532) has been addressed.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project as depicted by Figure 2 of the above titled report.

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

Ian Hember
