Confidentiality Note: Any information of a confidential nature that is provided to the Town for review should be marked by the applicant as "In Confidence".

Optional Stage 2 – Pre-submission Procedure: Submitting Effective Applications

The following outlines the process that will allow applicants to take advantage of a voluntary two-stage pre-consultation process to allow for the pre-review of technical materials prior to the submission of an actual complete application:

- The pre-consultation meeting will identify the reports/studies plans that will need to be submitted for a complete application, and that could be reviewed as part of a voluntary pre-submission review.
- Host public information meeting to engage the public and address resident concerns.
- Commence a voluntary pre-submission review process (Stage 2) which allows for multiple circulations, with the aim of advancing the proposal to a point where issues have been addressed, prior to a formal application submission.
- Upon successful resolution of the pre-submission review process, the applicant may now submit an expedited complete application for formal municipal approval.

Note: The Town and other agencies (i.e. Region/CA) may require a pre-submission review fee.

Note: The Town of Oakville's pre-submission review fee is credited towards the complete application fee, provided the application is submitted within 2 years of the start of the pre-submission review process.
