AREA DESIGN PLAN
 2026-03-31

Notes:
 - Land uses are based on "Schedule S1 Bronte GO MTSA Land Use" of the Livable Oakville Plan (as amended by OPA 41).
 - *The proposed block and driveway locations will not preclude the proposed public road locations in OPA 41. Prior to the implementation of the conceptual road locations shown in OPA 41, this assumes the following:
 1. The bus loop will be relocated to the south per the February 2021 Bronte GO MTSA Area Specific Plan
 2. Metrolinx will redevelop the station parking lot
 3. The telecommunication tower will be relocated
