Stakeholder	# Comments
Land/property owner	1
Public agency	2
Total	3

Number of Comments	Stakeholder	General Theme	General Response
1	Public agency	Storm sewer capacity and flooding potential on Trafalgar Road; need for coordinated upgrades.	Comment noted/will coordinate in future project phases
1	Public agency	Confirmation that previous comments were addressed.	Comment noted/will coordinate in future project phases
1	Land/property owner	Clarification is needed on the Town’s standards for the various LID measures and whether these measures can be considered community benefits for additional heights.	Future studies, as well as policy and standard updates, will provide direction related to Green Infrastructure for various contexts and land uses. For the interim, the Town of Oakville’s Development Engineering Procedures and Guidelines Manual (2023), provincial and CA's guidelines, and input from the Town's staff should be solicited.
