Appendix B – public notice guidelines

The schedule below sets out the requirements for providing notice undertaken by the town. The level of community impact of the project or initiative is an important component to determine the appropriate public notice. This schedule shall be reviewed with Appendix A – public notice requirements which specifies a number of matters the town is involved in and outlines the form and manner in which notice is to be given, and the minimum time for giving such notice.

All Members of Council will be informed by email for matters of town-wide interest and the Mayor and Ward Councillors will be informed by email for matters that are area/location specific.

Schedule A

Level of impact	Criteria (one or more of the following)	Required public notice	Optional notice, in addition to required notice	Timeframe to provide notice (min.)
