

Overview

This sample template was prepared to support municipalities that are subject to the Municipal Planning Data Regulation, O. Reg. 73/23 (herein referred to as: the regulation). This template has been designed for simplicity, and to ensure all information required to be reported under Schedule 2 of the regulation is provided. The template should be completed in its entirety (as applicable). Users should also refer to the user guide that has been provided, titled "Municipal Planning Data Reporting - User Guide for Ontario Regulation 73/23" for additional information and support. Please note this sample template covers only planning items found under Schedule 2 of the regulation. A separate template has been provided to capture the metadata required to be reported for all geospatial items under Schedule 3. This template is subject to change.

Template Design

Schedule 2 of the regulation requires information on nine individual planning matters to be reported to the Ministry of Municipal Affairs and Housing (herein referred to as the Ministry) on a quarterly basis. A tab has been provided for each individual item (i.e., Official Plan Amendment, Zoning Bylaw Amendment, Site Plan, Minor Variance, Land Severance (Consent), Plan of Subdivision, Plan of Condominium, Community Infrastructure and Housing Accelerator Orders, and Minister's Zoning Orders). User should familiarize themselves with each tab. The structure of each tab is similar, however, separate information may be required depending on the specific planning matter being reported on.

Inputting Data

Data can be entered cell-by-cell, or copy and pasted from a separate document. Parameters for data input can be found in the "Data Inputs/Formatting" table below. Information required under Schedule 2 of the regulation is required on a quarterly basis. For the purposes of the regulation, the quarters refer to calendar quarters:

- 1) Quarter 1 includes January 1 to March 31;
- 2) Quarter 2 includes April 1 to June 30;
- 3) Quarter 3 includes July 1 to September 30; and
- 4) Quarter 4 includes October 1 to December 31.

For each quarter, municipalities must report all applications submitted, decided, and appealed during that quarter. For example, the Quarter 1 report for 2023 (January 1 to March 31), would include all applications that were submitted, applications where decisions were made, and all applications that were appealed. This will include information for applications that were submitted to the municipality, but not yet deemed complete. For example, if an application was submitted to a municipality on January 20, the application must be reported as part of the Quarter 1 report. Where information is not yet available, or is not applicable, the cell should be left blank.

Questions or Issues?

If you have any questions or have issues with the sample template, please contact the Ministry through the PlanningData@ontario.ca e-mail.

Changelog

06/08/2023 - Version 1 to Version 1.1:

- 1) "Withdrawn" status added to all planning application tabs to indicate circumstances where an application has been withdrawn by the applicant.
- 2) "Variance Partially Granted" status added to the Minor Variance tab to allow municipalities to indicate circumstances where some variances in an application are granted, but others are refused.
