**Official Plan Amendment Number XX
to the Town of Oakville’s Livable Oakville Plan**

Constitutional Statement

The details of the Amendment, as contained in Part 2 of this text, constitute Amendment Number XX to the Livable Oakville Plan.

Part 1 – Preamble

1. Purpose and Effect

The purpose of this Official Plan Amendment is to permit an increase in the building height to facilitate the development of two mixed use buildings with three towers that are 44, 52 and 56 storeys in height, inclusive of 6-storey podium elements. The current maximum height is set at 20-storeys. The Official Plan Amendment also seeks to facilitate the development of a future north-south local road along the eastern edge of the subject site and the realignment of South Service Road East.

2. Location

The lands subject to this amendment are municipally known as 166 South Service Road East, located on the south side of South Service Road East, midblock between Trafalgar Road to the east and Lyons Lane to the west. The lands are approximately 11,887 square metres in size with frontages of approximately 76 metres along South Service Road East and a depth of approximately 157 metres. The lands are shown on Schedule A attached hereto.

3. Basis

- The subject lands are designated “Urban Core” in accordance with ‘Schedule L1’.
- An increase in the permitted height and density will support the Town’s objectives for intensification within the Midtown Oakville Urban Growth Centre, the part of the town that is planned to accommodate the greatest level of intensification through mixed use and transit-supportive development.
- The proposal provides transit-supportive densities in proximity to existing and planned higher-order transit, including the Oakville GO station and Trafalgar Road Bus Rapid Transit (BRT).
- The proposal is consistent with the policies of the Provincial Policy Statement and conforms with the policies of the Growth Plan for the Greater Golden Horseshoe and the Region of Halton Official Plan, and generally conforms with the policies of the Liveable Oakville Official Plan.

- The proposed amendment and implementing zoning would have the effect of supporting the planning and urban design objectives of the Urban Core areas and will provide well-designed mixed-use buildings that contribute to the creation of a complete community.

Part 2 – The Amendment

The Livable Oakville Plan is amended by adding a new Section 20.6.X to Section 20.6 Midtown Oakville Exceptions – Schedule L1 and L2 of the Liveable Oakville Plan.
