RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, "*Stage 4 Archaeological Mitigation of the Landing Site: AiGw-427, Lot 13, Concession 1 NDS, Town of Oakville, Regional Municipality of Halton, Ontario*", Dated February 2008, Report Received by MTC on March 25, 2008, MTC Project Information Form Number P029-249-2006, Archeoworks Corporate Project Number 032-35-01, MTC RIMS Number 24SB303

Dear Ms. Slocki,

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

This report has been addressed as part of the backlog project, and was subjected to a detailed review that addressed all reporting requirements. As the result of our review, this Ministry accepts the above titled report into the Provincial register of archaeological reports. The report indicates that one archaeological site, the Landing site (AiGw-427), found on the subject property underwent Stage 4 mitigation involving detailed documentation and removal through excavation and it is recommended that it be considered sufficiently documented. This Ministry concurs with the recommendation that the provincial interest in the archaeological site identified as the Landing site (AiGw-427) has been addressed.

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Cappella', with a stylized, flowing script.

Katherine Cappella

Archaeology Review Officer, Central West Region

cc. Archaeological Licensing Office

Charlie McConnell, Manager, Current Planning and Urban Design, Town of Oakville
